   c. Type the following:

   aarp retirement

   d. Click the search button:

   e. Notice a menu drops down. Click on the line that says:

   aarp retirement info

   f. Click on Web Search button

   g. What is the first entry on the search page: write it into this box:

2. **Click on the first entry and go to the web site**

   a. Find the Search dialog box on this page.

   b. Type:

   Work credits

   c. **Click on the search button.**

   d. **Find something of interest and write down information.**

Almost all web sites will have a search dialog box. The search will can be for the Internet, just the current site, or it can allow the user to search both the Internet and the current site.

Search for the following information: type these entries into Yahoo, Google and AARP

1. **cruise vacations**   2. **irish literature of the first century**
